

NOUNS

Definition

A noun is a word used as the name of a **person, place, animal, or thing**.

Examples: *Ram, city, dog, book*

Types of Nouns

1. Proper Noun: A proper noun is the name of a particular person, place, or thing.

It always begins with a capital letter.

Examples: *Ram, Delhi, India, Monday*

2. Common Noun: A common noun is a general name for a person, place, or thing.

Examples: *boy, girl, city, teacher*

3. Collective Noun: A collective noun is the name of a group of people or things taken together as one unit.

Examples: *team, class, army, flock*

It is usually treated as singular.

4. Material Noun: A material noun names a substance or material from which things are made.

Examples: *gold, wood, iron, water*

These nouns are usually uncountable and do not have plural forms.

5. Abstract Noun: An abstract noun names a quality, feeling, action, or state.

Examples: *honesty, bravery, love, happiness*

These cannot be seen or touched; they can only be felt or understood.

Other Kinds of Nouns

6. Countable Nouns: Countable nouns are nouns that can be counted and have both singular and plural forms.

Examples: *book/books, apple/apples, chair/chairs*

7. Uncountable Nouns: Uncountable nouns cannot be counted and usually do not have plural forms.

They always take a singular verb.

Examples: *water, milk, furniture, air*

PRONOUN

Definition
